

Scholarships and Discounts

To support our international students that are studying with us for the first time and students who choose to stay with us for the next stage of education, we offer a range of scholarships and discounts on tuition fees to help with the costs of further study.

We have two fee discounts, also known as scholarships, available to new international students who would like to study with us from September 2021. These scholarships cannot be combined. However, if you do qualify for one of the scholarships, you will also receive the full 4% early payment discount.

There are also tuition discounts available for current students at UCA progressing from one course to another.

If you pay your tuition fees in full before the end of the course enrolment period, you will qualify for the early payment discount of 4%. If you choose to pay after the enrolment period or pay in instalments, you will pay the standard tuition fee. The 4% is deducted from the remaining tuition fee balance after other scholarships or discounts are applied.
