# Success at the International Study Centre is rewarded by the University of Huddersfield

Students who decide to start their International Foundation Year, International Year One or Pre-Masters programme with us, from September 2022 onwards, and successfully progress to the University of Huddersfield will have access to their new merit-based scholarship package.

## How do merit-based scholarships work?

When you complete your pathway programme and achieve the required grades to progress to your undergraduate/postgraduate degree, you will be awarded a scholarship based on the grade you achieve at the International Study Centre.

The higher the progression grade you accomplish whilst studying with us, the higher the scholarship you will receive.

The scholarship is awarded each academic year of your course, except for placement years.

Progression grade achieved at the ISC	Scholarship amount
General pass mark (40%-58%)	£2,000
Pass with Merit (59%-68%)	£3,000
Pass with Commendation (69%+)	£4,000

Please note: students will not need to apply for the scholarship, it will be awarded to all applicants automatically on confirmation of progression grades.

## Who is eligible for the scholarship?

There are some exclusions to the merit-based scholarship with certain progression degrees offering a maximum scholarship amount of £2,000. These exclusions apply to students progressing to:

- The School of Arts and Humanities
- Nursing
- Allied Health Professional courses (Midwifery, Physiotherapy, Podiatry, Occupational Therapy, Operating Department Practice).

Please note the following criteria:

- Available for students enrolling on a pathway programme from September 2022 onwards
- Self-funded applicants only
- PG Taught programmes only (not available for Masters by Research and Huddersfield Business School Masters with Professional Placement)
- Not available for placement components
- Applicants with refugee, asylum-seeker status or indefinite leave to remain in the UK, or those here on dependency visas will not qualify.
