

SCHOLARSHIPS & FEES DISCOUNT AT UCA

To support our international students that are studying with us for the first time and students who choose to stay with us for the next stage of education, we offer a range of scholarships and discounts on tuition fees to help with the costs of further study.

We have five scholarships, available to new international students who would like to study with us from September 2023. These scholarships cannot be combined. However, if you do qualify for one of these scholarships and you pay your tuition fees in full before the end of the course enrolment period, you will also receive the full 4% early payment discount.

There are a limited number of each scholarships available and they are awarded on a first come first serve basis so as long as you meet the eligibility criteria and you have been nominated by an academic.

There are also tuition discounts available for current students at UCA progressing from one course to another.
