

As our office reopens, our focus turns to the upcoming April 2024 intake. We are still accepting applications for both programmes:

MA International Business (1 year, full time study)

MBA International Business (2 years - 1 year full time study, 1 year work placement)

It's a great opportunity for any students who may have missed the January intake or don't want to wait until September to start their studies.

Please note: MA Strategic Management and MA Strategic Advertising and Marketing Communications have now combined into MA Marketing Management for the September 24 intake onwards.

The programme has two distinct pathways; strategic marketing (global focus) or advertising & communications (focus on creativity and problem solving in brand management).

Our modules in marketing are ranked 2nd in London (The Complete University Guide League Tables 2023).
