

# UK Progression Scholarships - 2025

---

Our best-performing students on their pathway courses can qualify for a progression scholarship to reduce their degree tuition fees.

These valuable scholarships are awarded jointly with our partner universities to students who successfully progress to a degree in Autumn 2025.

# Scholarships available for degrees starting in Autumn 2025

All scholarships are provided as fee discounts on your first year of degree study at university unless marked otherwise. Many of the scholarships available require students to meet certain future marketing commitments, such as testimonials, videos or photo shoots. Please ask your Kaplan representative for more information.

**Pathway course tuition scholarships:** We also offer partial tuition scholarships to qualifying students for pathway courses in the UK. These are awarded based on students' academic achievements in their previous studies, and make the cost of studying abroad more affordable.
