

Earlscliffe

Scholarship Opportunity

— Southeast Asia —
2025

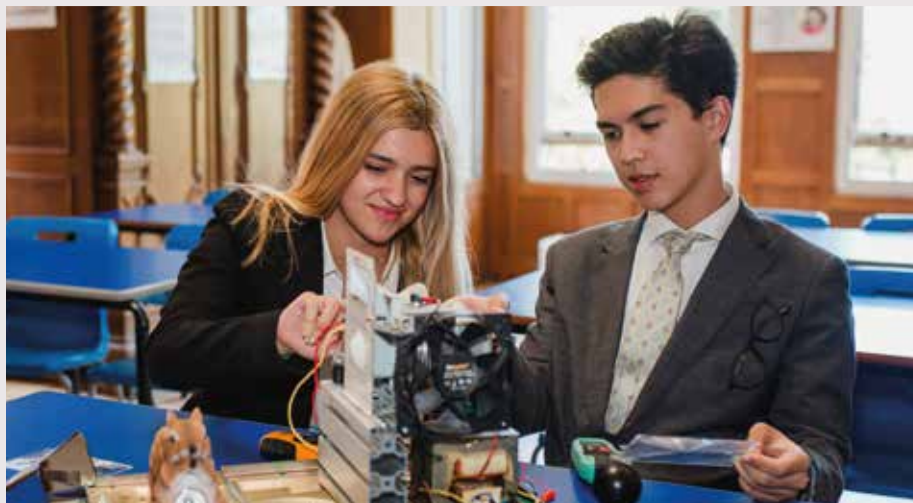

Part of the Dukes Education family.
Together we're extraordinary.

We do not focus on winning; we focus on doing better each day.

The winning will take care of itself.

Opportunity

Earlscliffe is offering scholarships*, each covering up to 35% for both years of A Level (tuition only) for the entire period of study, to exceptional students who aspire to work hard and access top universities worldwide.

The scholarship opportunity is open to students aged 15-17 years for GCSE and A-level studies. We specifically seek students who present a blend of academic ability with strong leadership potential and a keen interest in participating in a wide range of extracurricular activities.

Earlscliffe is an international independent school and sixth form. Students benefit from very small class sizes, expert teaching, and a personalised approach to learning that ensures they reach their full potential. Our graduates have successfully gained places at many of the world's leading worldwide universities.

Beyond academics, Earlscliffe offers a supportive environment where wellbeing comes first. Students develop independence, build lifelong friendships, and engage in a rich programme of extracurricular activities. From leadership development to global networking opportunities, our students are equipped with the skills needed to thrive in an ever-evolving world.

** The Earlscliffe scholarship opportunity applies only to students commencing studies in September 2025.*

GCSE applicants can be considered on a case by case basis.

“The support I received from everyone at Earlscliffe was second to none. From choosing my A-level subjects to selecting university courses, I felt that I was guided by true, experienced professionals”

All you need to know

How to Apply

We are offering students the chance to join Earlscliffe's international community and take the first step towards an exceptional future. Apply now for the Earlscliffe Scholarship Opportunity and unlock the door to a life-changing educational experience in the UK*!

Apply online >

Copies of school reports, school references, and copy of passport must be sent by email

admissions@earlscliffe.co.uk

Complete entrance test (*online*)

Shortlisted students will be interviewed

Opportunity winners will be announced

* The full application process must be completed by the specified dates for any student to qualify for the Earlscliffe scholarship opportunity. A student will only be awarded the scholarship of 35% upon passing the online test requirements and a successful interview.

Earlscliffe Ambassador

As a recipient of this scholarship, students are expected to serve as an ambassador for Earlscliffe during their time with us and after graduation. This includes participating in interviews, sharing your experiences, and engaging in marketing activities aimed at promoting the institution.

Your involvement will be crucial in helping us attract future students and continue to foster the values of excellence, community, and achievement. In return, we are able to provide a reference letter, which you can use for university and job applications, outlining the responsibilities you had as an Earlscliffe Ambassador.

Our home-from-home style boarding accommodation offers a safe, supportive, and friendly environment where students can relax, connect, and thrive.

“My time at Earlscliffe was both fun and enriching. Not only did I learn about myself, but I was given a great insight into what my time at university might look like and how best I could prepare for it”
