Fees and Funding

To find the fee for your course, please look at the individual course listing above.

Royal Holloway reserves the right to increase all postgraduate tuition fees annually. Be aware that tuition fees can rise during your degree (if longer than one year's duration), and that this also means that the overall cost of studying the course part-time will be slightly higher than studying it full-time in one year. The annual increase for continuing students who start their degree in January 2026 will be 5%.

Many of our scholarships are also available for January starts, including our Royal Holloway Pakistan and India Postgraduate Scholarships, which offer a £6,000 tuition fee reduction to all residents of those countries who pay their deposit before a set date (TBC).
