The University of Reading Excellence Scholarship is available for International students from every country in the world in the form of a tuition fee reduction.

**New for students enrolling in the 2026/27 academic year**, scholarships will be allocated automatically based on performance in your previous degree studies. To be awarded a scholarship, students must hold, or be expected to achieve, an undergraduate degree with a minimum UK Lower Second Class (or equivalent) standing. Scholarships range in value from £2,000 to £7,000 depending on the strength of your academic record.

**You don't need to apply for this scholarship** – eligible students are automatically awarded funding based on the information contained within their degree application. The notification of a scholarship will be contained within the letter offering admission to the University.

**Note for applicants for February 2026 entry** - If you're starting your master's in February 2026, the terms and conditions of our 2025/26 Excellence scheme apply (the information above covers the 2026/27 programme) and students selected for funding will be notified no later than 12 December.
