all new students

40% off

tuition fees for all
Middlesex alumni

Create the future
of screen, sound and
digital storytelling
at MDX Studios.

Based at Middlesex University's north London campus, MDX Studios is a working creative production hub where students collaborate, experiment and build industry-ready portfolios. Our postgraduate programmes combine creative practice, emerging technologies and real-world industry experience to prepare you for careers across film, games, design, audio and digital media.

**Middlesex
University
London**

You'll learn in state-of-the-art facilities and work alongside a community of filmmakers, designers, technologists and storytellers. With flexible six-week teaching blocks, cross-disciplinary collaboration and optional work placements embedded into the programmes, you'll gain practical experience shaping your own creative path.
